## **BIOGRAPHY**

### **MELETTE L. MELOY**

Melette Meloy, President of Sound Solutions, currently uses her thirty years of experience in audiology to serve industry in the management of Hearing Conservation Programs. As a certified course director by the Council for Accreditation in Occupational Hearing Conservation (CAOHC), she has achieved over 6000 classroom hours providing expert training in such areas as state and federal regulations, hearing protection devices, and the role of the Occupational Hearing Conservationist. Her training has served numerous industrial sites, occupational clinics, and NIOSH Educational Resource Centers. As a recognized expert in federal and state OSHA Hearing Conservation regulations, MSHA Hearing Conservation regulations, and state workers' compensation laws, she provides highly acclaimed insight into this topic. Melette's extensive experience in database management of comprehensive Hearing Conservation Programs and the interpretation of problem audiograms results in frequent requests for consultant services in those areas. As a certified audiologist for a mobile testing company, Melette established and maintained numerous audiometric testing programs and quality control measures for nurses and technicians. She currently designs and implements testing, hearing protection, and employee education and counseling programs, as well as policy and procedure for hearing conservation.

Melette holds a Masters degree in Audiology from Southern Methodist University in Dallas, Texas. She frequently presents lectures to the American Society of Safety Engineers (ASSE), American Industrial Hygiene Association (AIHA), and various Occupational Health Nurse (OHN) groups. She is licensed by the state of Georgia and certified by the American Speech-Language-Hearing Association. In addition to her hearing conservation expertise, Melette is a trained instructor in spirometry, breath alcohol testing, and OSHA recordkeeping.

Melette also serves on the Board of Directors for SERV Ministries International and the Family Alliance of Paulding County. She is an active missionary in both local and international projects and an advocate for Drug Endangered Children in her community.
